

EUROPEAN COMMISSION

MEETING MINUTES

Date:	26 August 2026
Location:	Videoconference
Name(s) and function(s) of the Commission representative(s):	Thomas Skordas, DDG DG CONNECT Kilian Gross, Director DG CONNECT Oscar Diez, Deputy HoU DG CONNECT (notetaker)
Name(s) of the interest representative(s):	IQM Finland Oy - 944457442294-52
Subject matter:	Exchange on IQM's growth and financing, European quantum industrialisation and procurement, and participation in the EuroHPC quantum Grand Challenge.
Main points raised and positions expressed:	• IQM provided an update on its dual stock-market listing, commercial activities in Europe and the United States, and recent business developments. • The participants exchanged views on financing needs for deep-tech scale-ups, including the suitability of debt and convertible instruments and forthcoming European scale-up funding. • The participants also discussed future support for quantum industrialisation and procurement, including staged approaches for the development and procurement of fault-tolerant quantum computing.
Conclusions:	Commission services will follow up with the relevant actors to clarify open questions concerning financing instruments.
