

MEETING MINUTES

Date:	10 July 2026
Location:	DG ENER, Brussels
Name(s) and function(s) of the Commission representative(s):	Vincent Berrutto, Head of Unit, ENER.B4
Name(s) of the interest representative(s):	InnoEnergy
Subject matter:	Skills for AI in Energy and EU policy on digitalisation and use of AI in the energy sector
Main points raised and positions expressed:	InnoEnergy presented a new educational initiative on Advanced energy systems and AI financed via the Digital Europe Programme and raised interest for the Strategic Roadmap for digitalisation and AI in the energy sector including sovereignty and resilience aspects. DG ENER gave an overview of the energy policy priorities and presented the recently adopted Strategic Roadmap for Digitalisation and AI in the Energy Sector. DG ENER also referred to the Technology Sovereignty Package, including the Cloud and AI Development Act. The ongoing work on the SET Plan, including its annual conference in November, were also mentioned.
Conclusions:	Both sides agreed to keep each other informed of their activities in the field of AI and energy.
