

MEETING MINUTES

Date:	8 July 2026
Location:	Brussels
Names and functions of the Commission representatives:	Director-General for Energy Céline Gauer
Names of the interest representatives:	Climate Strategy
Subject matter:	Exchange of views on how to accelerate energy renovations
Main points raised and positions expressed:	• State of play of energy renovations in Europe and lessons learnt from the current Multiannual Financial Framework (MFF) and instruments. • Need to better use public financing to attract more private capital into energy renovations and role of retail banks. • Importance of empowering individual homeowners through favourable lending, but also to support the take-up of lending. • Future opportunities in the next MFF to support renovations, including through guarantees and blended instruments.
Conclusions:	N/A
