

EUROPEAN COMMISSION

MEETING MINUTES

Date:	<i>9 July 2026</i>
Location:	<i>Brussels</i>
Name(s) and function(s) of the Commission representative(s):	<i>Paula Abreu Marques (Head of Unit, ENER. A1)</i>
Name(s) of the interest representative(s):	<i>Gas Distributors for Sustainability (GD4S)</i> <i>TR: 382692732615-35</i>
Subject matter:	<i>Biomethane, hybrid heating solutions</i>
Main points raised and positions expressed:	<i>The representatives presented an overview of the organisation and of the role of biomethane in the European energy system. They emphasised the security and resilience benefits of gas distribution infrastructure, noting that it operates through an analogue system.</i> <i>Furthermore, they expressed support for hybrid heating solutions combining electricity and gas as an alternative to electric heat pumps for heating and cooling applications.</i> <i>The Commission representative welcomed the exchange and outlined the Commission's political objectives in the field of energy, and provided a general update on the state of play for the post-2030 framework policy package.</i>
Conclusions:	<i>N/A</i>
